

"The Chorus Girl's Romance," starring Viola Dana, Thursday and Friday, Coyle Theatre

THE CHARLEROI MAIL

VOLUME XI—NO 128

CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA WEDNESDAY, NOVEMBER 3, 1920

TWO CENTS

LARGE PLURALITY FOR G. O. P. SHOWN BY COUNTY RETURNS

Harding Will Have Over 8,000 Lead, with Temple Ahead of That Figure

ASSEMBLY TICKET IS ELECTED

Returns indicate that the Republican ticket in Washington county will receive pluralities ranging all the way from 5,000 for the lowest to 9,000 at least for the highest, with a prospect that these figures will be increased, rather than decreased.

Owing to the heavily increased vote it was impossible to secure anything like full returns last night as many of the election boards did not complete their count until almost morning. This was caused by the registration of many women throughout the county, the greater majority of whom went to the polls and voted.

It is estimated that at least 35,000 citizens voted at the election on Tuesday, the greatest number in the history of the county. Forecasts made by the Republicans a few days ago as to the probable pluralities of the candidates of that party seem to have been verified by the results of the balloting. Returns received from approximately one-fifth of the districts at an early hour this morning indicated how the county would go and the approximate majorities.

Only five precincts out of 30 showed Democratic gains and these were very small. In the 30 precincts there was an aggregate Republican gain of 1,110 votes for Harding over the vote given to Hughes four years ago. This is an average of 37 votes to the precinct. If this same average gain is maintained throughout the 127 precincts the total Republican gain over four years ago will be 5,809. In 1916 Hughes carried the county by a plurality of 2,660 over Wilson. This would indicate a plurality of 8,500 for Harding. It is probable that the 12,000 women voters who are registered added close to 3,500 to the Republican plurality.

Dr. H. W. Temple, Republican candidate for Congress, will likely have 9,500 plurality in the county, and in the district of approximately 25,000, the largest plurality ever given any candidate for Congress in this district. The candidates for State office will poll handsome votes and their pluralities will be somewhat lower than Dr. Temple. The entire Assembly ticket will go through by large votes, while Senator Penrose will also be given a big vote. The election was very quiet throughout the entire county.

Hon. and Mrs. J. K. Tener arrived in town yesterday and are guests with Mr. and Mrs. R. H. Rush. Mrs. E. C. Niver is also greeting friends in town, having arrived from Philadelphia yesterday. She is also a guest at the Rush home.

WOMEN FIRST VOTER IN NORTH CHARLEROI

In North Charleroi the first person to cast a vote at the Tuesday election was Mrs. Russel Metz, who was at the poll before they opened in order to exercise her recently granted privilege. Generally speaking, the women went prepared to meet any emergency if they were challenged, they carried their tax receipts, which they showed when asking for a ballot. In this respect they were better than the men, who as a rule forget to bring their receipts on election day.

SON IS HELD FOR MOTHER'S DEATH

Following an inquest as to the cause of the death of Mrs. Hannah Patterson, who was found dead in her home at Pricedale last Friday night, a coroner's jury Monday morning at the office of Deputy Coroner Griffith in Monessen, found that the woman had come to her death from injuries sustained about the face and body, and ordered that her son, Frazier Patterson, be held to answer for the crime.

Witnesses were present who testified that the woman, who was 85 years of age, was almost bedfast and made her home with the son. It was stated that she had fallen down the steps and received the wounds which caused her death, but investigation by physicians and members of the jury showed conclusively that the marks which covered the woman's face had evidently been made with a clenched fist. A mark on her leg gave evidence that she had been dragged some distance.

The son, who was arrested shortly after the finding of the body, wore a bloody shirt and stated that he received the blood stains when he assisted the injured woman to her bed after her fall. Other witnesses testified that he was under the influence of liquor Friday night and although the brutal crime was not witnessed by any person, it is believed that the man while in a drunken stupor beat his aged mother with his fists until she was dead. He was taken to jail at Greensburg to await the action of the grand jury.

MONESSEN VOTES FOR A THIRD CLASS CITY

At the election on Tuesday Monessen voted to apply for a charter for a city of the third class. He vote on the proposition was 1,045 for the measure and 276 against. The proper officers will now make arrangements for the necessary change of government with the present officers serving until new ones are chosen at the next municipal election.

Stahlman, P.	30	30	37	5	8	8	118		

In the twenty-third congressional district, Hon. Samuel A. Kendall, of Somerset county, has been re-elected to Congress over Bruce Sterling of Uniontown. Sterling's friends made great efforts to elect him, but from latest returns he has been defeated by approximately 7,000 plurality.

It is anticipated that as one of the results of Tuesday's election will be an almost solid Republican delegation in the lower House of Congress. At the present time the Democrats have a representation of seven. This number may be cut to one in the next House.

Returns up to this afternoon indicate that Harding and Coolidge will have 372 electoral votes, with a possibility of 400. Their popular plurality will reach 6,000,000.

Miss Stella Bare of Indianapolis, Ind., and Miss Lillie Eachalman of Lahore, C. P., India are visiting at the home of Mrs. Ira Nickeson.

In North Charleroi on Tuesday the vote for President was, Harding 145 and Cox 115. He vote for other candidates was approximately about the same.

Read the Classified Ads.

From the character of the returns it is very evident that many women voted straight tickets. Of course there was some cutting, but it was not heavy enough to do any damage to any of the leading candidates. The fear that some of the women might be confused in marking their ballots was not well founded. They were able to master the intricacies of the blanket sheet of Tuesday, and all those in the future will be quite easy.

The stage is now being set for the municipal elections of 1921. The executive and legislative officers of cities and boroughs will be held at that time, when the women will be given further opportunity to select those whom they may desire to put in high places.

Ninety per cent of the women registered in the first precinct voted at the election on Tuesday. The first women to vote at that precinct was Miss Ella Greenwood and the second was her sister.

The moral effect of a stage or screen play that makes a winsome hero of an unrepentant criminal is more than questionable.

Thomas R. Nichols Dies From Injuries

Thomas R. Nichols, of Speers, while at work in the Fox mine on the hill above Speers, was so badly injured by a fall of slate that he died a short time later. The accident happened about 11 o'clock in the morning, and the injured man died at 12:20, p. m. The deceased was aged 44 years. Funeral services will be held from his late home in Speers on Thursday at 2:30 p. m., in charge of Rev. Hogg, with interment in Belle Vernon cemetery.

CHAMPS LOSE TWO IN DOUBLE BILL

The double bill of bowling at the Elks Club last evening was a great treat to the lovers of that sport. In the first game, which was a regularly scheduled one, Capt. Vernon's "Devil Dogs" walked away with two out of three games from the "Champs," led by Capt. Billy Kuhn. The best bowling for the losers was done by Capt. Kuhn and Frank Miller, while Capt. Vernon and Irose were the stars for the winners.

In the second contest, which was a postponed contest, between Capt. Kuhn's Champs and Capt. Brown's Misfits; the latter won two out of three. Capt. Brown, Zwick and Connell rolled great games for the winners, while Capt. Kuhn, Keith Campbell and Ray Emerick led for the losers. Tonight Capt. Osborne's "Lunks" play Capt. Carson's "Trimmers." Scores:

CHAMPS—

New York World's Concession Caught at 9 p. m. for Harding Victory

WAS VERY QUIET IN CHARLEROI

The Charleroi wireless stations were busy last night receiving election returns. William Dawson kept open house for his friends on Washington avenue and knew early in the evening that the news was all favorable to Senator Harding. G. H. Smith, whose call is 8-S. O., and P. J. Wallace, whose call is 8-P W., were both receiving last evening from the station in East Pittsburgh. The wind was blowing, the music and news were heard very distinctly, and it was a great pleasure to all neighbors to see the pride of the young men in this branch of science, and their accomplishments.

The local wireless received word about 9 o'clock in the evening that the New York World conceded the election of Senator Harding, which was the first authentic information received in Charleroi after the polls closed.

As a whole election day was a very quiet one in Charleroi. A large number of women voted at the various precincts, and quite a number of them served on different election boards in the borough. Conditions about the polls were of a different order also and as one man remarked this morning, these conditions were a material improvement over what they have been in the past. With women a factor in our political affairs from this time on, we may expect even greater improvements in the future. This will apply in many districts to better places in which to hold elections.

Charleroi streets were very quiet last evening—in fact there was no excitement, and if anything the thoroughfares were even quieter than under normal conditions. Returns were received during the evening at the Elks Club, the Eagles, the Majestic and Palace theatres. The Elks entertained their members and families during the evening in which dancing was a feature. A telegraph wire had been installed with Miss Ada Kauffe at the key, and the returns from the election were received until a late hour. The Majestic and Palace read returns until their last show was out, while the Eagles likewise entertained members during the evening with reading the reports received from outside districts.

Generally speaking, however, there was practically no excitement, the result being anticipated, and people seemed to be willing to wait until morning for the figures.

THE RESULT.

Returns from Tuesday's election indicate that the Republican party has been returned to power by an overwhelming majority. It was more than a landslide—it was an avalanche. The North has apparently voted solidly Republican with excellent prospects of securing a number of what are called the border states, thus emphasizing what is conceded to be the greatest political victory ever achieved by a party in the history of the United States.

Along with the election of Senator Harding as President and Governor Coolidge as Vice-President, both Houses of Congress will be strongly Republican, thus giving the incoming administration those legislative departments so essential for the furthering of the policies which the new President hopes to see prevail.

The people have given an answer on what President Wilson was pleased to term a "solemn referendum" on the covenant of the League of Nations. This question was one of the great issues of the campaign, in which Governor Cox said he was in favor of accepting while Senator Harding said he was opposed. The people have passed judgment, and have done it in no uncertain terms. They want none of the covenant as at present constituted, and if the United States is to enter into any association with the nations of Europe, it must be with a view that the freedom of action of the United States must not be interfered with. As Senator Harding has said, this country is ready to accept any responsibility which belongs to it as the outcome of the war, but this does not mean the surrendering of any of its constitutional rights, nor its freedom of activity in any of its domestic affairs.

The decision of Tuesday is also another indication that the people want to get back to a state of peace, and do away with the technical state of war which President Wilson has insisted must prevail until we accept the treaty of Versailles. There will be peace, and it will in no wise be in any way detrimental to this country.

The people have spoken for "America First," for a program to put our own house in order; then we can take our proper place in the affairs of the world.

THE USE OF TRUCKS

The use of heavy trucks in many places creating a bad situation on the highways. A case in point is mentioned to show what effect heavily loaded motors will have on highways. The main road covering a 10-mile distance between two livetowns had been so chewed up by heavy trucks, that all ordinary travel would go around half a dozen miles farther, rather than traverse such a bad surface.

In some localities municipal authorities are becoming discouraged at the rapid way in which their roads have depreciated during the present season. They are spending much more money than before, and the roads are much worse off than they were in the spring. The motor trucks, tremendously useful, though they be, are doing a lot of the damage.

Highway authorities are saying in many states that it will be necessary to put strict limitations upon the size of trucks, except for those that are to run over brick, cement, stone block or other indestructible pavements. It is doubtful if it is economy to use heavy truck on macadam, gravel or roads of the ordinary type.

They may seem for the time being to cheapen transportation. But they place a heavy burden on the people to keep up roads for them to tear up.

Motor trucks will be tremendously useful and the use of them will increase. But the general run of them may have to be made of a lighter type. And their best use may be in the collecting products to take to railroad centers, rather than for long distance shipments. The country must depend principally on its railroads for its transportation, and they must be improved and well equipped.

WATCH YOUR STEP

Persons should avoid "jay walking" as much as possible, and particularly in the business district of the town. Not only is it provoking to the automobile driver to have people cross the street in the middle of the square, but it is embarrassing, frightening and most of all dangerous to the pedestrian.

Another thing would avoid a lot of trouble, persons getting out of automobiles and jitneys at corners, cross the street immediately back of the vehicle, frequently stepping in front of an automobile. No matter how careful the drivers of automobiles may be this sort of thing is always sudden and may result seriously. Watch your step.

FOREIGN COMPETITION

The figures of importations into the United States for the first seven months of 1920 show the astonishing increase of 78 per cent over the same months for 1919. This shows that the producing powers of the old world are steadily increasing in spite of all troubles. Europe is on her feet again, and preparing to do business at the old stand, plus all kinds of efficiency lessons taught in the hard school of war.

The American producer has got to meet stiff competition. He must learn all that modern efficiency can teach him and he must expect to sell on close margins. The days of fancy profit have gone by.

The question over which the State and Treasury departments are in controversy seems to be whether the Volstead Act can repeal international law or annul the agreement of nations that diplomatic representatives shall be exempt from certain rulings applying to native citizens and ordinary residents, such as the search of baggage for intoxicating beverages.

Another advantage Solomon had over the other young fellows of his day was wealth. When he built that chariot he "made pillars of silver, the bottom was of gold, the covering of purple and paved with love for the daughters of Jerusalem." That would catch most any girl for a Sunday evening ride.

Although the field of women's activities has no doubt been permanently extended, many women both in this country and in England are reported to be retiring from the "men's jobs" they held during the war, their object being to enter more congenial occupations.

German immigrants are again knocking at the gates of Ellis Island, and one of these days we may expect even Lenin and Trotsky to be begging refuge in our "capitalist-bully controller" country.

"How to keep an automobile on a small salary," is the title of a motor magazine story. What we want to know is, how to run one on a small salary.

Isn't it a fact though that there were fewer divorces when mother baked bread.

NEW INTERURBAN SERVICE.

Effective Monday, November 1, cars will be operated from Donora to Pittsburgh every hour from 5:36 a. m. to 11:36 p. m. Returning cars every hour from Liberty and Grant on the half hour from 6:30 a. m. to 11:36 p. m.

Cars will operate between Roscoe, Charlevoi and Pittsburgh every hour from 4:40 a. m. to 11:40 p. m. daily except Sunday. Hourly Sunday from 5:40 a. m. to 11:40 p. m. Returning cars leave Pittsburgh hourly on the hour from 5 a. m. to 12 midnight, daily except Sunday. Cars hourly Sunday from 6 a. m. to midnight.

Lower Price Sale To Continue

Our lower price sale, which started last week with big reductions in practically every line, has been such a success that we have decided to continue it. Our customers are taking quick advantage of our reduction in prices and with the coming of cold weather realize their savings in buying their winter needs now. Blankets for instance are good staple items of merchandise that does not need price cutting to move then when cold weather is on but this season has been so mild we started a sale to move them early and we surely "started something." People are buying rapidly and getting real values. The sale is not confined to Blankets however as item after item has been added to our list for reductions until now the whole store is one big "hall of bargains." The success of our sale, however, is not in the reductions alone but chiefly in the satisfaction found in our customers on noting the quality of merchandise at the prices quoted.

Blankets, wool and cotton, Spreads, Towels, Sweaters, Comforts, Stockings, Winter Underwear, Ribbon, Piece Goods, Drapery, House dresses, Aprons, Coats, Suits, Skirts, Children's Hats, in fact, all our goods are at a lower price level and as our stock is large, we are in a position to continue offering our merchandise at lower prices but of higher quality.

AN EMPLOYEE OF LOCAL HOUSING PLANT MAKES GREAT DISCOVERY

Foreman of Minter Homes Corporation Solves Secret of Health Building as Well as Home Building

In Greenville, S. C., where the Minter Homes Corporation has established another large plant for the building of modern homes, Ernest Ankrom, foreman of the company has solved a problem far more important than the mere building of homes—that of building up a healthy, manly body by taking a few bottles of The Reese Formula R-11.

Mr. Ankrom had arrived at such a state of health as to be rather a liability than an asset to his employers. He read of The Reese Formula R-11 and what it had done for others, after a thorough trial of this great remedy, he says:

"Words cannot express the relief obtained from The Reese Formula R-11. I suffered so from kidney trouble that I could hardly move around and when I did I thought my back would break. I could not eat or sleep well, my head ached, I was dizzy and my bowels were irregular. The first few bottles of The Reese Formula R-11 corrected this and now I feel wonderful. I sleep like a two-year-old child and can do my work better and with greater ease than ever before. The Reese Formula R-11 certainly is the best medicine I know of."

The Reese Formula R-11 will do for you just what it did for Mr. Ankrom if you have any of the many symptoms arising from deranged liver or stomach trouble in any form such as headache, dizziness, nervousness, sour stomach, biliousness, rheumatism, lumbago, backache, tired feeling, urinary troubles and other complaints traceable to a disordered condition of the stomach. It will make life worth living, your work will be a pleasure instead of a drudge.

Get a bottle of The Reese Formula R-11 today, now, while you are thinking of it at Hennings Drug Store or at any druggist. You will bless the day your attention was called to it. If there is any information you desire concerning your case, write the Medical Advisor, Medical Department, The Reese Formula Co., Huntington, W. Va.

PERCHED ON A HIGH STOOL IN AN OFFICE

Many a Brain Is Trying to Work With Weak, Thin Blood.

WORE RICH RED BLOOD NEEDED.

Pepto-Mangan Gives You the Health To Tackle Your Daily Work With Vigor.

If you sit at a desk all day in an office, whether you are perched on a high stool or seated in an upholstered chair, your body is inactive. You can't get much fresh air and outdoor exercise. Your blood becomes poor. You look pale and feel weak.

The great tonic, Pepto-Mangan, is what you need for awhile. It makes rich, red blood. It restores your vital energy. Your color comes back.

When your blood is good, full of red corpuscles, you are better able to resist disease. You go about your daily work with the optimism of good health.

Try Pepto-Mangan and notice how you improve.

Pepto-Mangan is sold in both liquid and tablet form. Take either kind you prefer. Both have the same medicinal value. But be sure you get the genuine Pepto-Mangan—"Gude's." The full name, "Gude's Pepto-Mangan" should be on the package. Adv.

**END OF EIGHT
YEARS MISERY**

Used Lydia E. Pinkham's
Vegetable Compound
and Recovered.

Newark, N. J.—"The doctor said I had an organic trouble and treated me for several weeks. At times I could not walk at all and I suffered with my back and limbs so I often had to stay in bed. I suffered off and on for eight years. Finally I heard that Lydia E. Pinkham's Vegetable Compound was a good medicine. I tried it with-
out effect. I can now do my work and my washing. I have recommended your vegetable Compound and your Blood Medicine and three of my friends are taking them to advantage. You can use my name for a testimonial."
—Mrs. THELMA COVENEY, 75 Prospect St., Newark, N. J.

You are invited to write for free advice. No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass. Such letters are received and answered by women only and held in strict confidence.

**"Only One Thing
Breaks My Cold"**

"That's Dr. King's New Discovery, for Fifty Years a Cold-Breaker"

TIME-TRIED for fifty years and never more popular than today. Nothing but the relief it gives from stubborn colds, and on-rushing new ones, gripe and throat-torturing coughs could have made Dr. King's New Discovery the standard remedy it is today. No harmful drugs.

Always reliable, and good for the whole family. Has a convincing, healing taste with all its good medicinal qualities. At all druggists, 60 cents, \$1.20 a bottle.

**For colds and coughs
Dr. King's
New Discovery**

What is Nuxated Iron?

Physician Explains — Says Public Ought to Know What They Are Taking — Practical Advice on What to Do to Build Up Your Strength, Power and Endurance and Increase the Red Blood Corpuscles

The fact that Nuxated Iron is today being taken by over four million people annually and that so many physicians are prescribing it as a tonic, strength and blood builder in weak, nervous, run-down conditions has led to an investigation of its merits by designated physicians and others whose reports should be of great importance to the public generally. Among these is the statement made by Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and Westchester County Hospital, who says: "When one patient after another began asking my opinion of Nuxated Iron, I resolved to go thoroughly into the subject and find out for myself whether or not it possessed the real value claimed by its manufacturers and attested to by so many prominent people. This is exactly what I believe every honest, conscientious physician should do before prescribing or lending his endorsement to any product whatever. If an article is worthless we practitioners ought to be the first to know of it and if it is efficacious we are in duty bound to recommend it for the welfare of our patients. A study of the composition of the Nuxated Iron formula so impressed me with the therapeutic efficacy of the product that I immediately tested it in a number of obstinate cases. So quickly did it increase the strength, energy and endurance of the patients to whom it was administered that I became firmly convinced of its remarkable value as a tonic and blood builder. I have since taken it myself with excellent results. There are thousands of delicate nervous, run-down folks who need just such a preparation as this but do not know what to take. Therefore, I have earnestly suggested the widespread publication of the sworn statement of the composition of its formula so that the public may know what they are taking. This complete formula is now to be found in newspapers throughout the country. It is composed principally of organic iron in the form of iron peptonate of a special specific standard and glycerophosphate which is one of the most costly tonic ingredients known. To the credit of the manufacturers it may be said that they use the most expensive form of iron peptonate, whereas by employing other makes they could have put the same quantity of actual iron in the tablets at less than one-fourth the cost and by using metallic iron they could have reduced the cost to less than one-twelfth. But by thus cheapening the product, they would undoubtedly have impaired its therapeutic efficacy. In my opinion a careful examination of this formula by any physician or pharmacist should convince him that Nuxated Iron is to be placed among the very highest class and most strictly ethical preparations known to medical science. It excels anything I have ever used for building up the system and increasing the red blood corpuscles thereby enriching and fortifying the blood against the ravages of disease."
